

FastSocial Platform Guide

2026-08-19 | <https://fastsocial.org>

FastSocial is a personal-first, team-ready social media management system built with Python, FastHTML, HTMX, PostgreSQL, and Cloudflare R2. It publishes directly to X, LinkedIn, and Bluesky, and supports Facebook, Instagram, Threads, TikTok, YouTube, Pinterest, Google Business, and Twitch through configurable Arcade/Co

Your agentic social studio. Your models. Your voice.
